BRITISH POST OFFICE FIRST MINIATURE SHEET

POST BOXES

The earliest known surviving posting slot was placed in the wall of Wakefield Post Office in 1809. Britain's first roadside pillar boxes appeared in the early 1850s but, in more remote and less populated areas, a cheaper and more practical alternative was needed, resulting in the development of smaller post boxes. Initially, they were installed in walls, buildings or brick pillars; later designs were also attached to lamp posts.
