A opção de dar a oportunidade a um grupo minoritário de se expressar em nome próprio e em nome de todas as minorias sobre um problema comum, é certamente um contributo importante para aumentar o impacto desta iniciativa que se pretende venha a contribuir para uma sociedade mais justa.

The aim in allowing a minority group to express itself on a common problem on its own behalf and on behalf of all minorities, is to reinforce the impact of this initiative and through this to contribute to a more just society.

AÇORES

Num mundo de comunicações em vertigem, as cartas são uma diferença apetecida.
Muitos vaticinaram-lhes, durante décadas, a morte. Mas elas resistiram.
Quando se pensava que as cartas iam morrer, deu-se a surpresa: a correspondência
revitalizou-se, diversificou-se.

In the ever-changing world of communications letters make a welcome difference.
Despite predictions of their demise for decades, somehow they have managed to survive.
And just when their disappearance seemed imminent, they surprised us again:
the art of correspondence has been revived and has become increasingly diversified.
