DRAGON: COALITION WARFARE FROM THE BOXER REBELLION TO THE FUTURE BATTLEFIELD

Mitchell G. Klingenberg | 07.29.21

As Sino-American relations come under increased strain, scholars, civil authorities, servicemembers, and strategists have theorized about how the United States can bring various instruments of national power to bear against the People's Republic of China. Some have speculated, channeling concerns of the National Defense Strategy Commission, that armed conflict with China might spell decisive defeat for US forces.
