Dagteekeningstempels uit de periode 1855-1860.

In deze periode voor het eerst ronde plaatsnaamstempels met naam van het kantoor benevens een dagteekening. Alle zonder jaaraanduiding. Bovendien in diezelfde periode ronde franco-stempels waarin dagteekening ontbreekt.

De stempels komen voor in zwart, rood en blauw.

Dagteekening- en vernietigingsstempels 1861-'71.

De eerste vernietigingsstempels na invoering der postzegels (1 April 1864) waren de "FRANCO" (in kastje) stempels en de Franco-halfroond-dagteekeningstempels

Hierboven enkele voorbeelden van de stempels uit de periode van 1855 - 1860.

It is of the group on the outside of the envelope, and is a small, rectangular, blue stamp. It is cancelled on the "Uiver" for the flight to Holland (Jan. 1933), Aeropost.

At least three of the stamps of the series in the above collection bearing their serial numbers, and which were cancelled on the flight to Holland, are described in the list of the stamps of the series in the above collection.
